

# PolarPlex™ P2 Swing Door

Aisle End Containment Swing Door

**Large Window Panels Let  
Plenty of Light Pass into Aisles**

The PolarPlex P2 Swing Door assembles quickly and installs easily. It comes standard with multiple mounting options to accommodate a variety of site conditions.

**Magnetic Attachment Kit**

## **Simple Solution**

Polargy's PolarPlex™ P2 Swing Door is a sturdy, economical Aisle End Containment Door with an easy to assemble design. Door frames are constructed with tube steel for structural strength. PolarPlex™ P2 Swing Doors fit standard 42U racks and 48" aisles.

## **Designed for Flexibility**

PolarPlex™ P2 Swing Doors easily accommodate a variety of installation scenarios. Vertical support posts are provisioned with pem nuts on the side offering multiple anchor points for mounting brackets. A magnetic attachment kit option provides a tool-less installation alternative.
