

# Fan Walls Brochure

Flexible, Modular, and Lightweight

## Flexible, Modular, and Lightweight

Polargy's wall systems are configured for privacy fan walls, CRAH galleries, suite dividers, and temporary construction partitions. We have the toolset, product expertise, and experience to design and deliver the right modular wall system for your data center.

## Key Benefits

### What Matters on Site

Easy Handling & Moving

Quality & Durability

Faster Assembly

Less Hassle, Less Mess

### How Modular Chase Walls Deliver

Lightweight, non-progressive design makes these walls easier to handle, move, and redeploy.

Structural design meets air pressure requirements.

Designed to reduce field labor.

A 4 ft x 4 ft panel weighs under six pounds – one person can set it solo.

At **Polargy**, we design and manufacture configurable structural data center solutions for the world's most advanced technology companies. Our speed, long-lasting performance, and savings reduce the time in design and construction, ensure energy efficiency, and create operational efficiencies.

## Ready to accelerate your data center installation or reconfiguration?

Contact us today to learn how our Modular Chase Walls can reduce installation costs, improve safety, and streamline your data center project.
