

# Modular Chase Walls Brochure

Lightweight, Reconfigurable, Built  
for Clean Installs

**Make White  
Space Real  
Estate Work  
For You**

Whether you're splitting a suite, shielding a privacy fan wall, or putting up a quick construction partition, Polargy's modular wall systems snap in, seal tight, and move again when your layout changes. No dust, no drywall delays – just flexible panels that keep uptime rolling.

## Key Benefits

### What Matters on Site

**Handle & Move with Ease**

**Slash Field Labor**

**Stand Up to Pressure**

**Keep It Clean**

### How Modular Walls Deliver

Lightweight, non-progressive panels lift and set without special gear; redeployments take hours, not days.

Prefabricated modules arrive ready to stand – fewer cuts, fewer fasteners, faster close-in.

Engineered framing meets data-hall air-pressure specs, so walls stay put when CRAHs ramp up.

No taping, sanding, or dust – install during live operations without contaminating equipment.

## Use Cases

- Privacy fan-wall enclosures
- CRAH galleries
- Suite dividers
- Temporary construction partitions

At **Polargy**, we design and manufacture configurable structural data center solutions for the world's most advanced technology companies. Our speed, long-lasting performance, and savings reduce the time in design and construction, ensure energy efficiency, and create operational efficiencies.

Polargy's modular walls make white spaces productive and flexible to work for any task.
